AGRICULTURAL BURN PERMIT

Company name _____

Responsible party/person _____

Phone number _____

Burn Site Location _____

Vegetation type and amount to be burned _____

1. The burn site must be inspected before the permit will be issued, call (831)-675-4204 to arrange an inspection.
2. At least one responsible adult must be in attendance of the burn at all times, with a means of fire control available.
3. Only dry vegetation can be burned, the burning of trash, processed lumber, or plastics is NOT allowed.
4. Burning may not begin before 7:00am, no materials may be added to the fire after 11:00am.
5. The burn may be stopped or postponed due to winds, or if the burn causes a nuisance to others.
6. Call the burn status recording at (800) 225-2876 after 4:00pm on the day before you plan to burn to confirm that it is a permissive burn day.
7. Call and advise the Gonzales Fire Department at (831) 675-4204 one hour before you plan to burn, leaving a message on the machine is acceptable.
8. Permit is valid for 30 days from date of issuance.
9. If the State Fire Marshal suspends burning at any time, no burns will be allowed in the Gonzales Rural Fire District.
