

City of Gonzales

City Manager Report

February 2025

February has kept the team at City Hall busy working all things Vista Lucia. The new housing development that is being proposed off Fanoe Road. The team is making strides on the various aspects of the application and will be headed to the City Council for consideration on March 31st.

City of Gonzales Awarded Project of the Year Award for Construction of an Emergency Disposal Pond

In December, the City had to build an emergency disposal pond at the City's Wastewater Treatment Plant. It was needed right away due to slow percolation from high groundwater, large amounts of ag-wash water coming from the Industrial Business Park and rainwater. The project was authorized on December 11th and the contractor (Swift Tectonics) quickly mobilized on it. They worked 10-hour days to have it completed by December 24th.

The project was presented with the **Project of the Year Award** by the Monterey Bay Chapter of the American Public Works Association at their awards ceremony on February 6th.

Dennis and Janice Caprara Community Center Complex

The Community Center continues to make headway. As you drive by 5th Street, you will see that most of the windows are up, and the building is almost fully enclosed. We are excited to see its progress and are beginning to gear up for its programming early next year.

Growing Our Own

We would like to CONGRATULATE Jorge Ochoa, our Public Works Intern and Gonzales High Graduate, on receiving a \$3,500 Scholarship from the American Public Works Association. Jorge is pursuing a degree in Construction Management and is gaining a great deal of hands-on experience with all the projects underway at the City.
